

SULPHATE REMOVAL SYSTEM DESIGN & SUPPLY

BY H₂OIL & GAS

Sulphate Removal System Design & Supply

Project: Tombua Landana Sulphate Removal System

Client: Siemens

End User: Chevron

Location: Offshore Angola

Technologies: Seawater Filtration (Coarse & Fine), Deaeration, Pump System, Nano Filtration & Chemical injection.

H2Oil & Gas Scope:

System Design & Engineering
Equipment Specification & Purchase
Project Management
Commissioning
Fabrication Management
